## *Message* from the Chairperson :

A 'Placement and Career Guidance Cell' in a professional college like us should organise a lot of activities like designing of a website, publishing of an information brochure, organizing seminars and workshop, holding of mock test etc. from time to time. In addition to all these, the cell must publish a placement record bulletin to inspire the next batches of the institution. It was well known that the said cell of Rangia T. T. College has been endeavouring hard to publish a placement information brochure since a long time.

It is heartening to know that at last they are all set to publish its maiden volume of the much awaited Placement Bulletin. Their hard work as well as perseverance has ultimately paid off.

I would like to congratulate all the cell members for their well-deserved success. I hope, it would be an annual affair to speak off the volume of great service of the teachers being rendered in our college. It will also ensure their commitment towards placement and career guidance service to the students. With lots of good wishes...

(Dr. P. P. Mahanta)  
Principal, Rangia T. T. College  
03.09.2022

# From the *Chief Editor's Desk*

Rangia Teacher Training College has been trying its level best to publish a placement record of students passing out from this institution those who had been already placed in various positions as teachers or other professionals. Due to certain technical difficulties, progress of the work remained slow. However, this year with the help of all the teaching faculties, the members of the 'Placement cell' have worked on the matter and have published the same.

While publishing this, the members had to encounter a lot of difficulties in collecting information from the passed out students. The only source to contact the students was just their registered mobile numbers. Some of them were found either in inactive state or completely out of order. Finally, using social media some information was collected.

During the time of preparing for this task, the Principal Sir had been continuously adhere to us to help us in every step. I honestly acknowledge his help. At the same time, I also acknowledge the efforts of the members of the cell and all the teaching staff in giving it a final and concrete shape.

The Placement cell tried to cover the names of all the candidates who had already been placed but due to communication difficulties, it was not possible to include them all in the record. Some of them have not been placed till the time of preparation of record.

As it is our first endeavor, there is every likelihood of making mistakes and if the readers constructively advise us, we will feel much obliged and will try to make the next issue the best one.

Thanking you.  
Madhab Kumar Nath  
Chief Editor
