# Stay Alert, Stay Aware, Stay Safe from Earthquake Hazards

An awareness programme titled “Earthquake Awareness Campaign” was organised at Rangia Town Higher Secondary School by the Homen Borgohain Health Club and the Internal Quality Assurance Cell (IQAC) of Rangia Teacher Training College.

The programme was attended by Basabadatta Choudhury, Coordinator of the Health Club and Associate Professor, Associate Professor Karabi Das, the Principal of the school, Painur Ali, along with teachers and students.

As part of the programme, student-teachers of the college delivered speeches on safety measures and precautions to be followed during an earthquake. They also performed a short awareness drama highlighting the importance of staying calm and adopting appropriate safety measures during an earthquake.

The programme was informative and impactful, helping students develop awareness about earthquake preparedness and disaster safety.
